

Weekly Bulletin 11th June 2021

18th Harrogate District Walk to School
24th & 25th Year 6 Bikeability
25th FOSS Fundraiser - One Britain One Nation – wear Red, White and Blue

Churches Count on Nature Day

The children were fortunate to have been invited to St John's churchyard on Wednesday 9th June to meet with an array of North Yorkshire nature experts. Each class had an allocated time for their visit and were able to learn more about the natural world that exists around us each day. The 'nature extravaganza' included catching moths and identifying plants. (Photos taken from St John's Church facebook page)

Skelton Newby Hall School

We wish a warm welcome to Mrs Jane Jones who joins us as the new administrator at Skelton Newby Hall School.

There are vacancies available at Skelton Newby Hall School for a [Supply General Teaching Assistant](#), an [After School Club Supervisor](#) and a [Before School Club Assistant](#). Please click on the link for job descriptions and application forms.

An ex pupil of Skelton Newby Hall, William Riddler now aged 13, has been diagnosed with stage 4 metastatic alveolar rhabdomyosarcoma, a very rare and aggressive type of cancer. The nature of William's disease means he is unable to see family and friends indoors or attend school due to infection risks. Friends and family have created a fundraising campaign to create a 'safe haven' in the family's garden. If you would like to make a donation, please click <https://www.justgiving.com/crowdfunding/william-riddler>

Friday 18th June - Harrogate District Walk to School day - Walk, cycle or 'park and stride' the last mile to help protect our planet.

Get active whilst helping combat climate change! Can you leave the car at home for the school run on Friday 18th June?

At 28% above the UK average, road transport is the largest contributor to carbon emissions in the Harrogate District. By choosing a more sustainable form of transport, you can do your bit to help protect our planet and our communities by tackling climate change. Even if you live too far from school to walk or cycle all the way, using public transport (or the car if you don't have public transport options) and walking the last part will help make a difference.

The physical and mental health benefits of exercise are well known, with studies also showing that walking to school improves concentration and helps pupils arrive ready to learn. Making the journey on foot, by bike or

using public transport means fewer vehicles on the road, benefitting the wider community with less traffic and cleaner air.

Zero Carbon Harrogate will be logging the miles walked (or cycled) and carbon saved by schools across our district - so please help put our school at the top of the leader board! There will be a leader board for both primaries and secondaries and local press coverage. Each pupil who takes part will receive a digital certificate. There will also be a Zero Carbon Harrogate certificate to the winning class in our school with the most participants (as a percentage of the total class size). Every mile counts! For more information please go to www.zerocarbonharrogate.org.uk/harrogate-district-walk-to-school-day

If you do not consent for pupil photos to be taken on the event day and which may be included in Zero Carbon Harrogate press releases in local media channels, please let Mrs Walker know by emailing admin@sharow.n-yorks.sch.uk by Thursday 17th June.

Free new resources for North Yorkshire residents

Ourplace is the gateway into online courses for all parents, grandparents or carers who live in North Yorkshire. The courses aim to support the most difficult job in the world!

The first course is an antenatal course developed by Registered Midwives and health professionals and called 'Understanding pregnancy, labour, birth and your baby' and does what it says in the title! Information about giving birth plus learning about the baby's brain and how to optimise your relationship with the baby.

The second is a postnatal course 'Understanding your baby'. It was developed by health visitors and clinical psychologists, and other health professionals and is for parents of babies from 0 to 12 months.

The third is our main course for parents of children aged between 6 months and 19 years: 'Understanding your child'. This was also developed by child psychologists and specialist health and education professionals.

There is also a short course: 'Understanding your teenager's brain' which can explain some of the changes in teenagers' behaviour by understanding what is happening in their brain.

There is also a course aimed specifically for Dads, step-dads, uncles, grandfathers.

The courses are delivered in modules and can be worked through at your own pace and can be accessed on laptops, mobile phones, tablets etc by logging on to: <https://inourplace.co.uk/> and entering the access code:

Friday 25th June - One Britain One Nation, OBON

OBON recognises that every parent, carer in the whole world over only wants the very best for their children and they want to see their children grow up feeling safe and protected. They want to see their children loved feeling happy and valued so that they can feel that they belong in their families, their school and their communities. OBON wants to inspire our children to be the very best they can be by developing their self-esteem so that every child has this belief that they matter and are able to accomplish and realise their full potential.

On Friday 25th June come dressed in red, white or blue for a suggested donation of £1. FOSS will be on the gates at drop off and pick up to receive donations. <https://www.onebritainonenation.com/campaigns/obon-day-25th-june-2021-campaign>
